05003854001	1 x TX 40 x 140 mm
05003855001	1 x TX 45 x 140 mm
05003856001	1 x TX 50 x 140 mm
05003857001	1 x TX 55 x 140 mm
05003858001	1 x TX 60 x 140 mm

Bit sockets with holding function for TORX® screws

The HF tools developed by Wera are ideal because they feature an optimised geometry of the original TORX® profile. The wedging forces resulting from the surface pressure between the drive tip and the screw profile mean that TORX® screws made according to Acument Intellectual Properties specifications are securely held on the tool!

Secure hold and easy removal

The all new smooth turning mechanism guarantees both secure and rattle-free storage, yet allows easy removal of the tool.

Manual and machine sockets

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.
