Centralia, MO 65240

July 15, 2013

To whom it may concern:

Chance® (Hubbell Power Systems®) brand capstan hoists and accessories are designed and manufactured for compatibility with each other. We recommend that all hoists, including the 1,000# Electric Series Capstan hoist (C3081170) and related components such as the Swivel bracket (C3080903), C bracket (C3080890) and the hitch receiver mount (T3080999) be used together with the original Chance parts. The load ratings of any system using other manufacturer's components may not match the tested load rating for our products. Further, Hubbell Power Systems (Chance) may not warranty products or assume any liability when other than original Chance brand components are used throughout the system.

A handwritten signature in black ink, appearing to read "Keith A. Willey", is written over the typed name and title below it.
